

## 7 Things to STOP Doing in SAFe

**Speaker:** Dr. Steve Mayner

***Dr. Steve Mayner, SAFe Fellow, Principal Consultant, SPCT at Scaled Agile***

Dr. Steve Mayner is an executive coach and Lean-Agile evangelist with a passion for cultivating transformational leaders and high performing teams. His 30+ year career in business includes roles as Vice President in multiple Fortune 500 companies, as well as Chief Technology Officer for a Health IT startup company. He also retired in 2003 as a commissioned officer in the reserve component of the U.S. Air Force with just under 21 years of service. In his current role as a SAFe® Fellow for Scaled Agile, Inc., Steve contributes to the ongoing development of the framework and courseware with specializations in government, leadership, learning culture, and organizational change. In addition to the SAFe Summits, he is a regular presenter at the DevOps Enterprise Summit, PMI, and various government and industry conferences.
